EXPERIENCE

SPARK Business Works / *Software Analyst*
August 2018 - PRESENT, Kalamazoo MI

As a Software Analyst at SPARK Business Works, I am responsible for quality assurance of custom built web and mobile applications. I enjoy turning a clients vision in to working software and keeping up with the new technologies to use and implement.

CSM Group / *IT Technician*
September 2017 - PRESENT, Kalamazoo MI

Troubleshoot computer hardware, software, and cell phones. Ensure security and usability of computers, email (office 365), and networks. Automate software installation and daily tasks with Python, Windows PowerShell, and Windows Batch scripts. Manage Office 365 users and groups.

Newkirk-Electric Associates Inc. / *IT Intern*
July 2016 - August 2017, Muskegon MI

Troubleshoot computer hardware, software, tablets, and cell phones in person and over the phone. Deploy new computers to users. Ensure hardware inventory is up to date and document work done.

Muskegon Community College OIT / *Student Technician*
February 2016 - December 2017, Muskegon MI

Answer phone in a timely manner and create a ticket based on issue described by user. Document steps in ticket and in Knowledgebase if new issue arises. Deploy new computers and desk phones.
